

Marin FC Uniform Policy | 2026–27 Season

As part of our standard uniform cycle and roster planning for the upcoming season, please review the following uniform guidelines.

Uniform Purchase Cycle

Marin FC operates on a three-year uniform cycle based on birth year groups. For the 2026–27* season, all players in the following birth year groups are required to purchase new uniforms:

- **U8** 2018/2019
- **U11** 2015/2016
- **U14** 2012/2013
- **U17** 2009/2010

*Some returning 2009, 2012, 2015 players entered the new uniform cycle last season and therefore do not need to purchase new uniforms in 2026-27.

Player Number Policy

Due to the age group transition and resulting roster changes, there will be more duplicate jersey numbers across teams this season. As a result MFC has relaxed the standards around duplicate jersey numbers:

- Unique jersey numbers are required within each individual team
- Unique numbers are not required across the entire age group

Number Assignment and Conflict Resolution

If multiple players on the same team request the same jersey number, the following priority order will be used:

1. Player with the longest tenure at Marin FC
2. If still tied, the older player
3. If still unresolved, assignment will be determined by random selection

One-Time Uniform Credit (2026–27 Only)

For this season only, Marin FC will provide a \$130 uniform credit under the following specific conditions:

- Player is an existing Marin FC player in good financial standing
- Player is required to change jersey number due to a number conflict on that team
- As a result, the player must purchase a new uniform outside of their normal cycle year

This credit applies only in the circumstances outlined above and does not apply to standard cycle purchases. Details on how to access this credit will be provided separately.

Additional Notes

- Returning players not in a designated purchase year should continue using their current uniform kit unless a number change is required as outlined above
- New players will be assigned numbers based on availability within their team.
- Uniform ordering timelines and instructions will be shared prior to tryouts
